

ELITE

Executive Chair

Robust and Durable Executive Manager Chair

This executive manager chair boasts a self-supporting chassis, exemplifying the pinnacle of its high-end design. With its 18mm double-layer curved board and a layered sponge backrest, it provides a comfortable and sturdy seating experience.

The split design of the seat back, complemented by simple and sleek PU surface armrests, exudes a strong contemporary aesthetic. Additionally, the chair offers a generous tilt angle for added comfort. To enhance its versatility, the chair comes with various black accessories, further elevating its support and functionality.
