### Modular Space for Every Office

Focus • Private Space • Conversation • Video Conferencing

| Ventilation | Sound Insulation | Anti-Bacterial | Portable Pod |

# Technical Specification

## TelePod 2.0

Ideal environment for quick confidential calls and video conferences without disturbing your colleagues. The soundproof phone booth allows for better communication as well as concentration in a standing or sitting position. The phone booth fits a single chair and optimal conditions for meetings with dimmable lightings.

# Technical Specification

## Sharing Pod 2.0

Another portable soundproof booth with 2 soft sofa settees in our portfolio. The sharing Pod is a convenient place to sit down for one-on-one meetings in private. The pod module was also designed as a media, break out room and resting area accommodating up two to four people in a physically comfortable sound environment.
