

# Tri

Meeting & Conference Tables

Product Information Sheet

1. **Standard Desk:** The stylishness of the metal leg components creates a touch of elegance in the office.
2. **Finishing:** The variety of work surfaces table top is constructed with a 25mm thick melamine faced particle board finished with PVC edging. The carefully crafted Tri metal legs are constructed out of steel.
3. **Wire Management:** Designed with an aluminum flipper door/wooden trap door, there are special receptacles to carry the wires through floor and under the table channels to suit the user's work style. The vertical cable channel is also designed to hide wire ways from ground up.
